

Whitchurch Walkers was formed in 1976 by local people interested in walking and the protection of our footpaths. The group was instrumental in Whitchurch becoming a “**Walkers are Welcome Town**” in 2012’

The group runs a regular monthly **walks programme**. A walk of 4-6 miles is held on the last Saturday afternoon and a full day walk of 8-11 miles on the second Sunday. Additional weekday walks are usually arranged during the summer months.

The **meeting point** for most walks is **Sherry Mill Hill** car park. Some walks are very local and start from there. Others will involve travelling from the meeting point, usually in shared cars.

All members receive a copy of the **programme** every six months giving details of individual walks. The programme is available at whitchurchwalkers.co.uk .

Whitchurch Walkers has produced a full-colour book “**10 Varied Walks around Whitchurch Shropshire**”. Most of the walks start from the Whitchurch Civic Centre, and vary in length from 2 to 8 miles. The book can be purchased for £5 from BookShrop, the Tourist Information Office and Whitchurch Library.

The group also carries out path clearance and maintenance work as part of Shropshire’s **Parish Paths Partnership**

(P3). Some members may like to help with this even if they are unable to join the walks.

Whitchurch Walkers is organised by a committee that meets at 8pm in the “Black Bear” on the last Tuesday of each month except for March and December. There are always opportunities for new **committee members** and/or **walk leaders**. Anybody interested is welcome to attend one of our meetings or contact us [see below].

Members of Whitchurch Walkers make up the larger part of the **Walkers are Welcome in Whitchurch Steering Group** which amongst other things, organises the **Whitchurch Walking Festival**.

The Annual General Meeting in March is also a social event with a guest speaker.
